Statement Management Simplified

We are Statements PLUS, your partner for the production of end customer invoices and statements. With over 25 years of experience in statement management, we are uniquely positioned to help you, the distributor, sell these high value solutions to your customers. We provide high touch print and mail solutions that are cost effective and free your sales team to focus on your customers.

By design, Statements PLUS is ideally suited to plan and implement variable print applications in the Financial, Health Care, Municipal, Utilities and Telecommunications markets.

We perform an application assesment to ensure the highest quality service combined with expedited quoting, imaging and delivery. While processing your project, you can take advantage of our many resources to explore new opportunities in annuitized transaction rendering to the same client you have today.

Document redesign, process flow enhancements, and postal presorting opportunities are uncovered during the application assesment that can translate into valuable savings for you and your client.

Our 50,000 square foot production facility is HIPAA prepared. Security and confidentiality of your client's sensitive data cannot be compromised.
